Rebooting Digital Technology, Now Next & Beyond

**13th India Drilling & Exploration Conference
(IDEC) 2020 - Virtual**

15-16 September, Mumbai, India

CONFERENCE SUMMARY

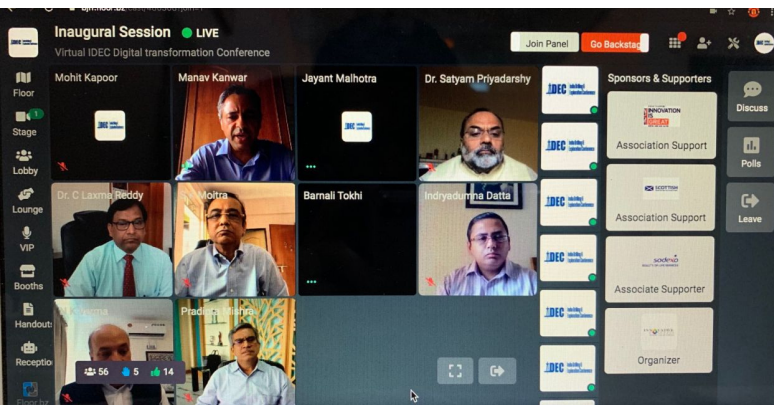

Innovative Concepts organized its flagship event India Drilling & Exploration Conference (IDEC) 2020- Virtual Rebooting Digital technology - Now Next & Beyond, witnessed participation of International and Indian experts in Oil & Gas sector who shared experiences, current trends and also the scope for future developments in the oil & gas industry.

The 13th IDEC- Virtual discussed on the use of technology advancements and digitalization of oil & gas industry. It also focused on Delivering faster & productive wells - Use of data analytics, Reducing Capex by digitalising oilfield development plan, Applying digital solution to optimise costs & increase production, Being digital - Reducing risk & increasing safety , Data Management & structuring - Use of Machine Learning.

The eminent speakers had Interactive discussions covering wide range of topics related to exploration and reservoir characterization, subsurface data interpretation, digital era learning for technical and soft skills of the workforce and also use of data physics for sub-surface back allocation were thought provoking.

**INNOVATIVE
CONCEPTS**
WHERE IDEAS STRIKE

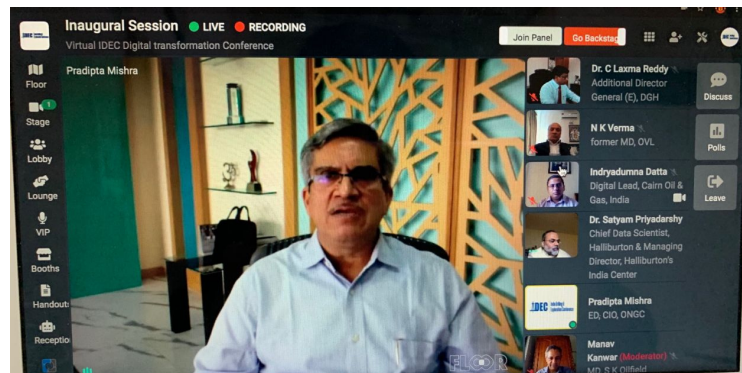

- Moderator: Manav Kanwar, MD, S K Oilfield
- Dr. C Laxma Reddy, Additional Director General (E), DGH
- N K Verma, former MD, OVL
- Indryadumna Datta, Digital Lead, Cairn Oil & Gas, India
- Dr. Satyam Priyadarshy, Chief Data Scientist, Halliburton & Managing Director, Halliburton's India Center
- Pradipta Mishra, ED – GEOPIC, ONGC
- Jitesh Vij, Senior Petrophysicist, Schlumberger
- Dibakar Chakraborty, Senior Geoscience Consultant, Halliburton
- Shilpa Suyal, Digital & Integration Division, Schlumberger
- Claudia Ruiz-Graham, CEO & Founder, Imaged Reality
- Mrinal Sinha, Petrophysicist, Schlumberger
- Dip Nanda, Founder & MD, Rezlytix
- Brian Archer, Executive on Board of Co. Tech Terra
- Dave Donohue, President & founder, IHRDC
- Carlos Calad, Sr. VP, Tachyus
- Noel Cowley, Regional Director, ZynQ 360 Pty Ltd
- Trevor Bloch, Group CEO & Sia Doshvarpassand, Lead Data Scientist, VROC
- Aleksander Juell, Director Innovation, TietoEVRY
- Jean-Paul Sacy, Regional Director, Baker Hughes C3.ai
- Syed Aaqib Hussain, Petrophysicist, Geomechanics Engineer, Schlumberger
- K S Pandey, ED, AM MH Asset, ONGC
- S K Moitra, former Director Onshore, ONGC & Chairman IDEC
- K Vasudevan, Executive Director, Basin Manager, WOB, Mumbai, ONGC

- Gnanapriya. C, AVP and Head of Technology & Architecture Practice, ECS, Infosys & Dr Arunkumar Ranganathan, AVP and Head of Domain Competency group, EUS, Infosys
- Leopold Jarry - Global Digital Transformation Director – Sodexo Energy & Resources & Sudhanshu Arora, Business Director - Energy & Resources Asia, Sodexo
- Manas Mishra & Radhika Patro, Petrophysicist, Schlumberger
- Sagar Kalra, Digital Consultant, Halliburton
- Ruchir Mehta, Technical Sales Advisor, EV Offshore Limited
- Liane Smith, CEO, Larkton Ltd.
- Prakash Bajpai, Sr. Reservoir Engineer, Schlumberger
- Debashis Gupta, Business Manager of Agora for MENA, Asia Pacific and Russia and CIS, Schlumberger
- Edward Jarvis, Technical Advisor, CGG Data Hub
- Andrew Bruce, CEO, Data Gumbo
- David Shackleton, Regional Manager – Americas, IDS Datanet
- Sebastian Plotno, Tachyus
- Aleksander Juell, Director Innovation, TietoEVRY
- Dr. Soudip Roy Chowdhury, CEO & Founder of Eugenie.ai

SUBJECTS COVERED

- The Inaugural session was commenced and moderated by Manav Kanwar, Md, SK oilfield.

The speakers for the session:

- Dr. C Laxma Reddy, Additional Director General (E), DGH
- N K Verma, former MD, OVL
- Indryadumna Datta, Digital Lead, Cairn Oil & Gas, India
- Kaustav Mukherjee. Senior Partner & Managing Director at the Boston Consulting Group (BCG)

Elaborated on the digital world will be of utmost use for the oil & gas industry now and beyond.

- The day 1 morning session focused on Use of digital technology in Exploration & Reservoir Characterization.
- Day 1 evening session focused on Applying digital solutions to optimize costs & production, and competency building.
- The day 2 morning session focused on IIoT, Data Management, Data Analytics, Fracture Characterization, Digital Field Development plan.
- Day 2 evening session focused on Reducing Capex & Opex with blockchain ; Sub-surface back allocation ; IADC's new DDR Plus ; IT-OT convergence.

PARTICIPATING COMPANIES

- British Embassy
Muscat
- British High
Commission
- CGG
- Computer Modeling
Group
- Data Gumbo Corp
- DGH
- Dibrugarh University
- DNVGL
- Eugenie.ai
- EV offshore Limited
- Formerly with Baker
Hughes Company
- GNRL Oil & Gas
Ltd
- Halliburton
- IDT, ONGC
- IEOT ONGC
- IHS Markit
- IIT(ISM)
- Independent Data
Services (IDS)
- Larkton Ltd
- Manan Oilfield
Services Private
Limited
- McDormatt
- Oges
- Oil India Limited
- ONGC
- Petrolink
- PSSIPL
- Raya Services
- Rezlytix
- Rock-Oil Consulting
Group
- Saiph Energy
- Schlumberger
- Scottish Development
International
- SK Oilfield
Equipment Co. Pvt.
Ltd
- SLB
- Sodexo
- Starbit Oilfields
(ESSAR)
- Tachyus
- TietoEVRY
- University of
Petroleum and Energy
Studies
- Vanguard Engineering
- VROC
- WellPerfrom

The conference was really good. Get to learn a lot.

SYED AAQUIB HUSSAIN, PETROPHYSICIST, SCHLUMBERGER

Excellent Conference

Prakash Bajpai, Sr. Reservoir Engineer, Schlumberger

The event was well organized, with great combination of leadership speaker and technical talks.

Satyam Priyadarshy, Managing Director -India Center, Halliburton

A great initiative to promote digital journey of E&P sector

Dibakar Chakraborty, Senior Geoscience Consultant, Halliburton

1. Very nicely organized.

Arnab Ghosh, Senior Petrophysicist, Schlumberger

I enjoyed the
conference thoroughly. It was a good learning experience with variety of
innovative topics.

Manas Mishra, Petro Technical Engineer, Schlumberger

Very good
conference medium and excellent technical support/chairing by Mohit. Compared
to a F2F conference one misses the coffee breaks and chance to meet people.
Whilst there was a lobby etc, I don't think people have yet got the feel for
how to use their time well in those places.

Liane Smith, CEO, Larkton Ltd

It was a
comprehensive and very relevant digital technology conference useful for oil
& gas industry during current scenario of low oil & gas prices.
S K Moitra, Former Director (Onshore), ONGC

The conference was excellent, very well organized and the technology worked really well.
Claudia Ruiz-Graham, CEO & Founder, Imaged Reality

Testimonials

Thank you so much for a job well done

SYED AAQUIB HUSSAIN, PETROPHYSICIST, SCHLUMBERGER, A&I HUB

Idea and execution of the virtual conference was really close to perfection. Successful completion of Virtual- IDEC is an indication of new Normal. I wish to attend IDEC-2021 next year, physically, not virtually

Prakash Bajpai, Sr. Reservoir Engineer, Schlumberger, Digital & Integration

IDEC was well organized and the content was very useful

Satyam Priyadarshy, Managing Director - India Center, Halliburton, Halliburton

Providing a platform to Oil and Gas professionals to promote digitalization

Dibakar Chakraborty, Senior Geoscience Consultant, Halliburton, Landmark

It was a great event and varied spectrum of presentations and talks on digital. Very useful. Will be great if recordings are available

Arnab Ghosh, Senior Petrophysicist, Schlumberger, Digital and Integration Division

Thank you very much for your help and generosity throughout the process of V-IDEC 2020 conference. Looking forward to be a part of similar knowledge sharing platforms in future as well

Manas Mishra, Petro Technical Engineer, Schlumberger, Petrophysics (A&I, HUB)

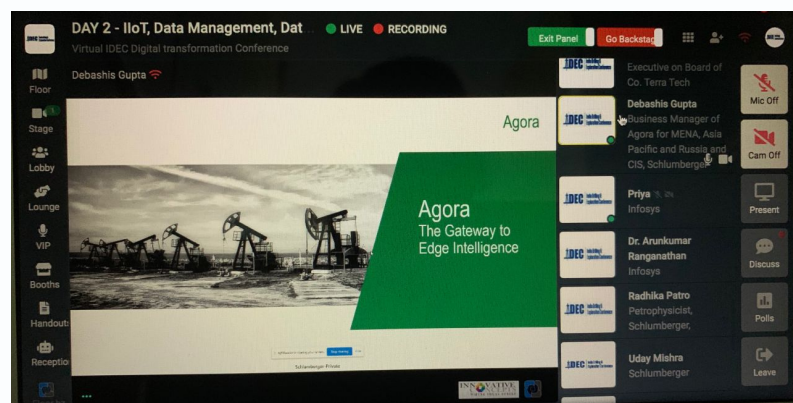

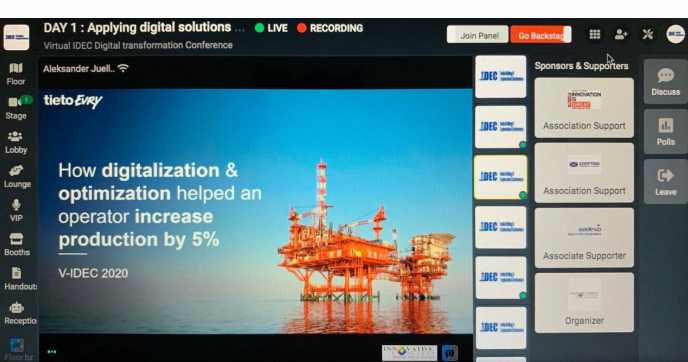

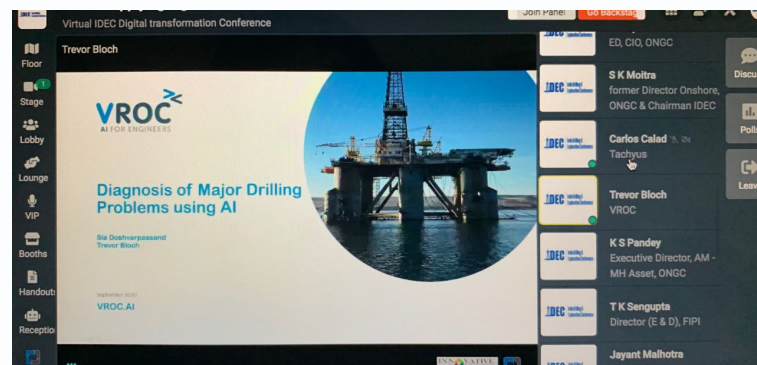

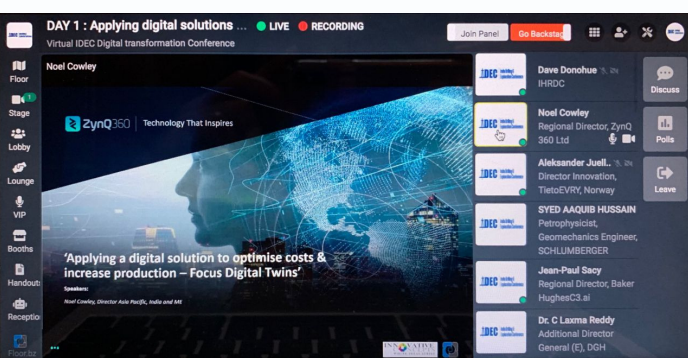

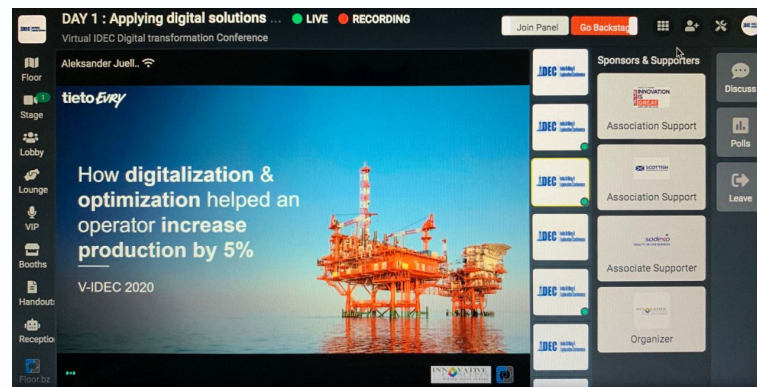

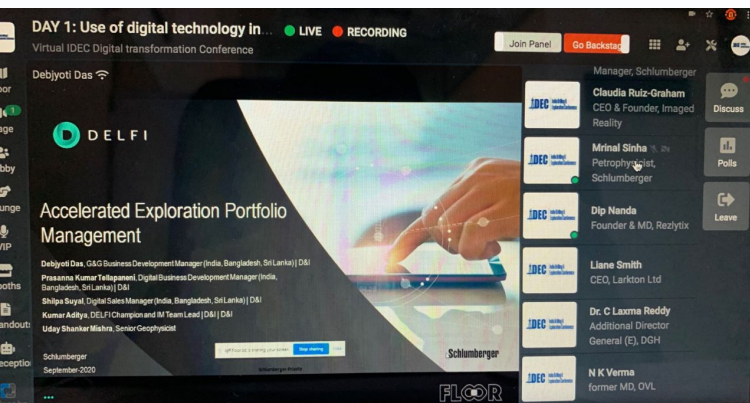

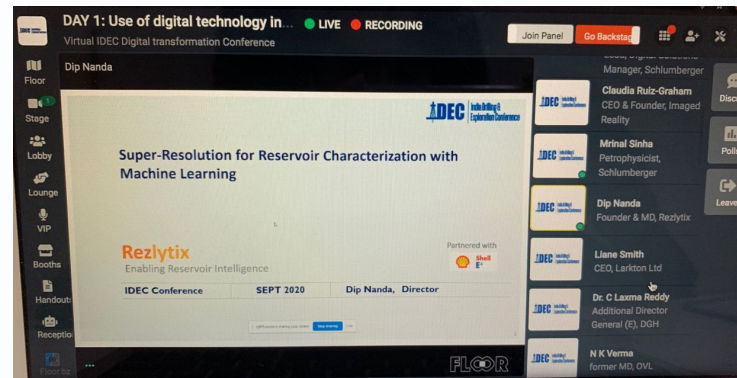

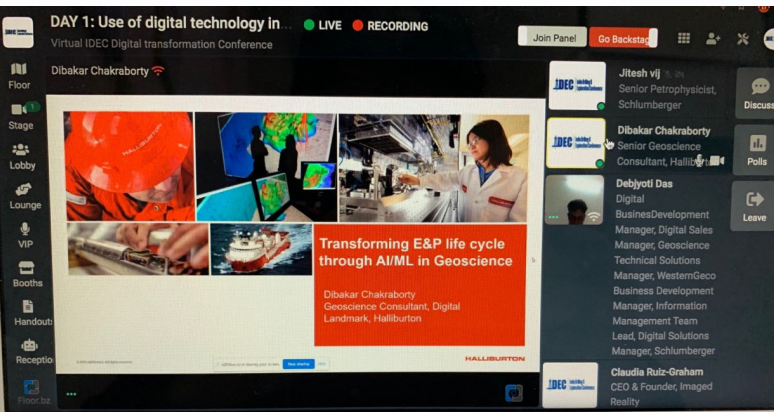

A well organised event, good technology used and worthwhile attending

Liane Smith, CEO, Larkton Ltd, Head office

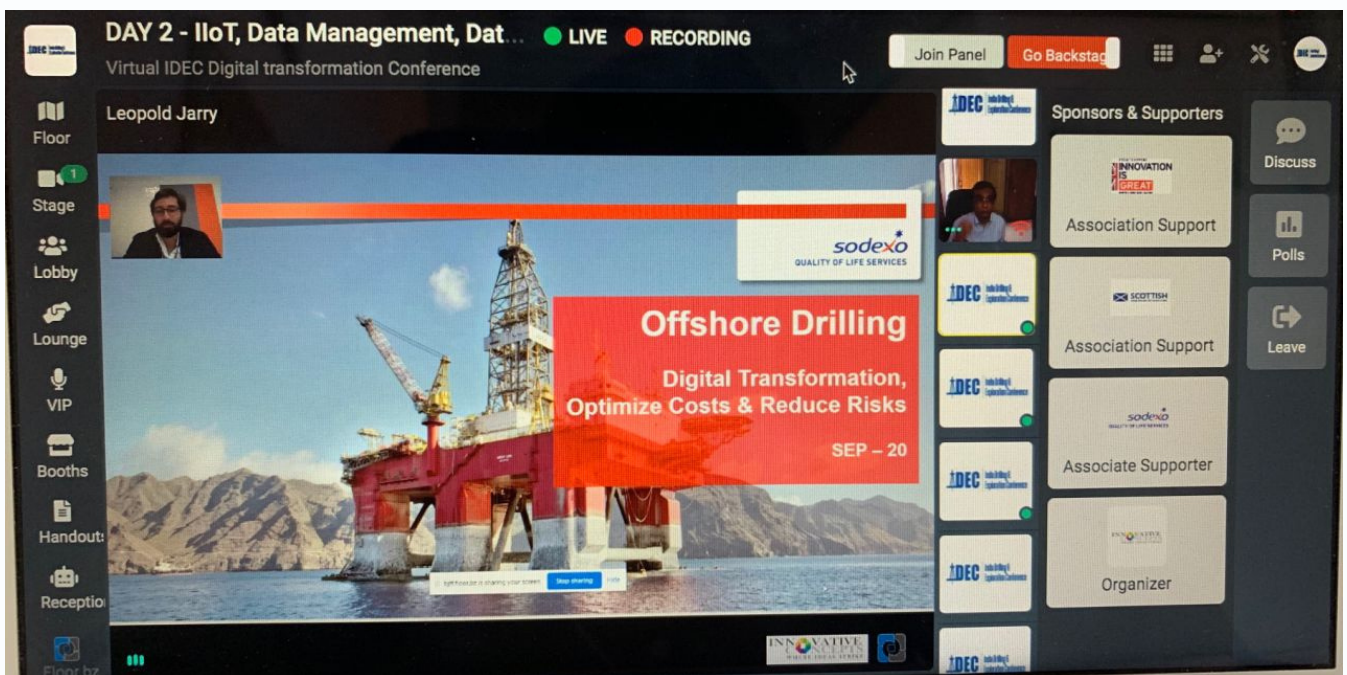

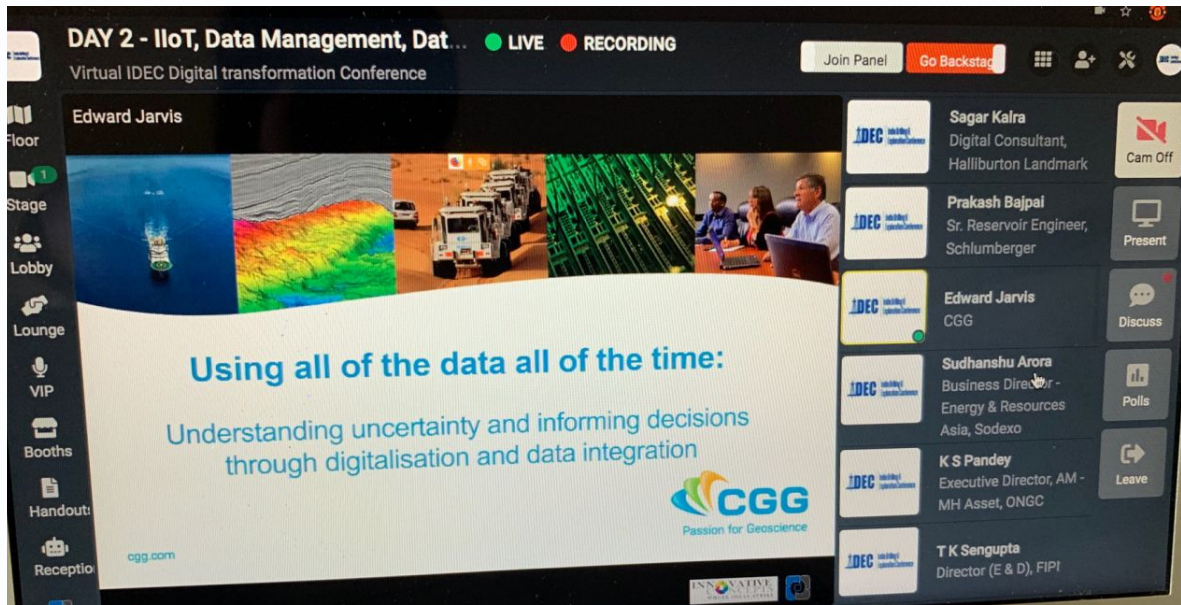

The kind of cost efficiencies and operational excellence is possible by industry available digital technologies
SK Moitra, Former Director(Onshore), ONGC, Production

Excellent conference Claudia Ruiz-Graham, CEO & Founder, Imaged Reality, Management
